

ATUT GORKHALI

TECHNICAL PROJECT MANAGER | SOFTWARE DELIVERY & RELEASE COORDINATION

Kathmandu, Nepal | +977 9849088334 | meet.atutgorkhali@gmail.com
LinkedIn: linkedin.com/in/atut-gorkhali | Portfolio: https://atutgorkhali.com.np

PROFESSIONAL SUMMARY

Technical project delivery professional with 10+ years across software development, enterprise business/system analysis, and Agile delivery, including nearly five years in project management. Currently coordinates two concurrent Scrum/Kanban teams delivering healthcare analytics across the US, Nepal, and India. Experience spans delivery planning, requirements coordination, RAID and dependency management, stakeholder reporting, UAT, and release readiness. Earlier C#.NET development and ERP/API integration work provide practical SDLC grounding when translating business needs for engineering, QA, and product partners.

CORE SKILLS

Project & Delivery Management: Delivery planning, roadmaps, milestones, delivery tracking, status reporting, risk/issue/dependency management, escalation

Technical Coordination: SDLC, business/system requirements, documentation, UAT coordination, QA collaboration, system and integration dependencies

Release & Change: Release readiness, CAB ticket coordination, approval workflows, go/no-go checkpoints, release playbooks, change management

Methods & Tools: Scrum, Kanban, Scrumban, SAFe 6, Jira, Confluence, MS Project, Git, SQL

Technical Foundation: C#.NET MVC, .NET Core, ERP systems, third-party API integrations, relational/database concepts

PROFESSIONAL EXPERIENCE

Project Manager II | Jul 2025 - Present

Cotiviti Nepal / Infinite Computer Solutions | Continuous employment since Dec 2021; employer transition effective 16 Feb 2024

- Coordinate two concurrent Scrum/Kanban delivery teams supporting healthcare analytics across the US, Nepal, and India; align engineering, QA, product, and support participants around delivery needs.
- Maintain delivery roadmaps, RAID logs, Jira dashboards, and KPI reporting; surface risks, issues, dependencies, and decisions for stakeholder attention.
- Coordinate 100+ release events over approximately two to three years, covering quarterly and biweekly releases, hotfixes, and ad hoc releases; manage approval workflows and CAB tickets, coordinate go/no-go checkpoints, align delivery and support teams, and follow release playbooks.
- Facilitate Agile ceremonies and support backlog refinement and prioritization so work remains understood and aligned with business needs.
- Supported a Scrum-to-Kanban transition by helping the team adopt a flow-based operating model without interrupting delivery.

Project Manager I | Mar 2023 - Jul 2025

- Worked as Project Manager and Scrum Master for software delivery, coordinating dependencies, removing impediments, supporting change management, and keeping stakeholders informed of execution risks.

Associate Project Manager | Dec 2021 - Mar 2023

- Entered the delivery-management career path as Associate Project Manager, supporting Agile team execution and building the foundation for subsequent promotions to Project Manager I and Project Manager II.

EARLIER EXPERIENCE

Associate Team Lead, Planning Department (Business/System Analyst) | Nov 2018 - Nov 2021

InfoDevelopers Pvt. Ltd.

- Led business/system analysis and requirements planning for enterprise projects supporting Rastriya Banijya Bank and National Investment Trust (Nagarik Lagani Kosh).
- Prepared requirements and design documentation; collaborated with development and QA teams and supported project execution, UAT, change management, and stakeholder communication.
- Mentored and coordinated a team of 10+ Business Analysts, supporting consistent analysis practices and project documentation.

Software Developer / .NET Developer | 2016 - 2018

Perfect Active Solutions (Jan-Sep 2018); CodeBEE Technology (Aug 2017-Jan 2018); Kantipur ITINK (2016-2017)

- Built custom software using C#/.NET MVC and .NET Core across ERP, logistics/shipment, and hospitality systems.
- Integrated third-party services including IRD Nepal and eSewa into ERP systems and collaborated on troubleshooting and system enhancements.

CONCURRENT PART-TIME TEACHING

Faculty Lecturer | Apr 2025 - Sep 2025

Virinchi College

Taught ICT Project Management and Agile methodologies; developed syllabi, assignments, and assessments and incorporated real-world delivery case studies.

Lecturer | Dec 2020 - Mar 2022

ISMT College

Taught Database Design and Development, Application Development, Software Development Life Cycle, Agile, and Project Management.

EDUCATION

Master of Computer Information System (MCIS) | Pokhara University | Nov 2021 | GPA: 3.88/4.00

Bachelor of Science in Computing | Leeds Beckett University, via The British College | Jun 2017 | First Class Honours

Higher National Diploma in Computing and System Development | International School of Management and Technology (ISMT) | 2013-2016

CERTIFICATIONS & TOOLS

SAFe 6 Advanced Scrum Master (SASM), 2025-2026; SAFe 6 Product Owner/Product Manager (POPM), 2025-2026; SAFe 6 Scrum Master (SSM); SAFe 6 Practitioner (SP).

Tools: Jira, Confluence, MS Project, Git, SQL. Technical foundation: C#/.NET MVC, .NET Core, ERP systems, API integrations.
